Nights into dreams

REALAWORLD

Chapter One of Three

The Mysterious Daze of Nights

Elliot Edwards and Claris Sinclair are two very special teens who live in the city of Twin Seeds. Theirs are the precious dream energies required by Wizeman, the wicked lord of nightmares. He wants this energy to merge the waking world with Nightopia, the realm of dreams.

A century ago, this powerful dream-being tried to steal those rare energies from a pair of similar dreamers. But his plans were thwarted by Nights, one of Wizeman's own lackeys, who dared defy the dark lord's evil. Reality was once more made safe. The price for betrayal was a cruel imprisonment which Nights endured for one hundred years. He escaped recently to prevent Claris and Elliot from falling prey to Wizeman's scheme.

However, Nights' defeat of his former master cost him most of his own dream energy — leaving him drained and near-death. Claris and Elliot willingly sacrificed their own energies to save Nights' life. But did they overdo it? What happens when a dream-creature turns real? The answer to that question awaits all who keep reading...

BY USING THE
WACKY "DREAM-

MYSTERIOUSLY CREATES
WHenever I HIT
THE SACK?

--ANOTHER DREAMER LIKE ME, DREAMING
